

How do I send a quote?

Introduction

Since its release in June 2016, it is possible to send quotation requests to different suppliers as an easy way to get the best price for your order. Below is an overview of all facets of this new implementation with accompanying explanations.

Job postings activate your surroundings

To activate this new feature, go to "System - Permissions", there you select the user who should be activated. Then click the "plus" icon next to "Claims", check all the boxes next to "Offer Request" and "Offer Request" and click on "Save Permissions" top left of your screen.

If you go to the Claim tab, you will see that the sub Offer Request has been added.

A request for an offer sent to several supplier

When you create an item to order, click on the file screen on the 'Order' button, this

will open a popup. Now you will see a dropdown menu where you can select 'Offer'.

Then you can, in the field next to the 'Offer' button, select the suppliers you want to send an offer to.
