

# Order from stock.

Order from stock.

You can add parts to the job directly from your stock, by going to the order list, adding the job number and click on “Order From Stock”:

The screenshot shows the PlanManager software interface. The top navigation bar includes 'Help', 'Workshop', 'Job', 'Planning', 'Report', 'Maintenance', 'System', 'Car Fleet', and 'Invoicing'. The 'Order list' tab is selected. On the left, there is a filter section with various input fields and buttons. A green arrow points from the 'Order list' tab to the 'Order From Stock' button in the filter section. Another green arrow points from the 'Order From Stock' button to the 'Job' column in the table. The table displays a list of job items with columns: Nr, Creation Date, Job, Key Tag Number, Make, Model, Supplier, Sale Value, and Status.

Nr	Creation Date	Job	Key Tag Number	Make	Model	Supplier	Sale Value	Status
24	10-08-2017 16:53	150060		PEUGEOT	4008	PARTS SUPPLIER 1	£ 90.00	Finished
