

How can I change the language of the menus?

For this feature you need to have the rights of an administrator.

All languages can be found under System -> General settings -> Language settings

There you will find the following page:

Active languages

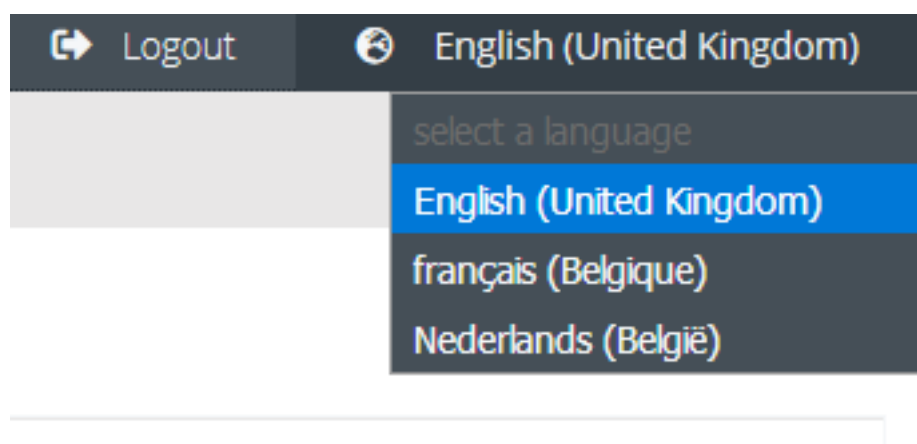

- ☒ English (United Kingdom)
- ☒ français (Belgium)
- ☒ Nederlands (Belgium)

Language list

Deutsch - German (de) ☐ DE - Germany ()	Español - Spanish (es) ☐ ES - Spain ()	français - French (fr) ☐ FR - France () ☐ LU - Luxembourg ()	Italiano - Italian (it) ☐ IT - Italy ()	ქართული - Georgian (ka) ☐ GE - Georgia ()	Nederlands - Dutch (nl) ☐ NL - Netherlands ()	język polski - Polish (pl) ☐ PL - Poland ()	中文 (Zhōngwén) - Chinese (zh) ☐ CN - China ()
---	--	--	---	---	---	---	--

This page can be different as languages will be added.

The languages that are checked are still available in the dropdown menu of the available languages:

If you want to add a language, you place a check mark next to the desired language and it will be available in the aforementioned dropdown menu.

Unikátní ID: #2037
