

# Orders

## How can I mark delivered parts as received?

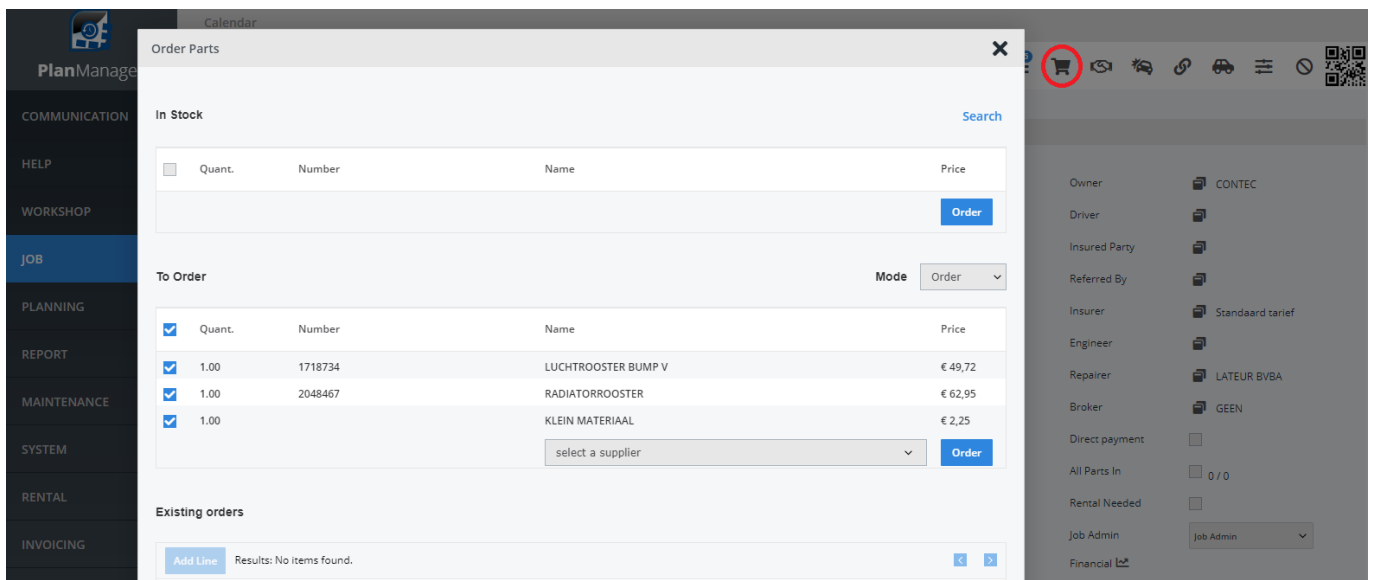

The follow up of your orders can be made through the deliveries menu on top of the claims screen. By using the filter on the top you can select the deliveries you want to see.

The screenshot shows the 'Deliveries' page in PlanManager. The top navigation bar includes 'Job List', 'Winformex', 'Order list', 'Job Queue', 'Audanet', 'Deliveries', 'Offer Requests', 'Stock', 'Ubench', 'Scale', 'Vat Book', 'DMS', 'Albatros', and 'Carpas'. The left sidebar has a 'JOB' menu item highlighted. The main content area features a 'Filter' section with dropdowns for 'select a location', 'select a supplier', and 'Normal order'. Below the filter is a table with columns: Job Order, #, Part Number, Description, Quant., Recvd., Sale, Discount%, Purchase, Total Sale, Total Purchase, Status, and S. The table contains three rows of data for 'Normal order 1414'.

Job Order	#	Part Number	Description	Quant.	Recvd.	Sale	Discount%	Purchase	Total Sale	Total Purchase	Status	S
Normal order 1414	1	17 13 423	CLIGNOTANT LAT G	1	0	€ 100,00	43,25 % Rebate	€ 56,75	€ 0,00	€ 0,00	Backorder	0
Normal order 1414	2	61 02 365	AILE AVG	1		€ 191,50	0,00 % Rebate	€ 191,50	€ 0,00	€ 0,00	Backorder	0
Normal order 1414	3	61 01 356	COQUILLE D'AILE AVG	1		€ 28,70	0,00 % Rebate	€ 28,70	€ 0,00	€ 0,00	Backorder	0

To access this screen in a job, click the order button, this will send you to the deliveries page as shown above.

The screenshot shows the 'Order Parts' dialog box. It has two main sections: 'In Stock' and 'To Order'. The 'In Stock' section has a table with columns: Quant., Number, Name, and Price. The 'To Order' section has a table with columns: Quant., Number, Name, and Price, and a 'select a supplier' dropdown. The 'To Order' table contains three rows of data. The 'Existing orders' section at the bottom shows 'Results: No items found.'.

Quant.	Number	Name	Price
1.00	1718734	LUCHTROOSTER BUMP V	€ 49,72
1.00	2048467	RADIATORROOSTER	€ 62,95
1.00		KLEIN MATERIAAL	€ 2,25

Marking parts ordered and received.

The parts marking can be done in two ways: the selection processing or line by line.
