

Order from stock.

Order from stock.

You can add parts to the job directly from your stock, by going to the order list, adding the job number and click on “Order From Stock”:

The screenshot shows the PlanManager software interface. The top navigation bar includes 'PlanManager', 'Help', 'Workshop', 'Job', 'Planning', 'Report', 'Maintenance', 'System', 'Car Fleet', and 'Invoicing'. The 'Job' tab is selected. Below the navigation bar, there are several tabs: 'Back', 'Job List', 'Order list', 'Orders', 'Order Requests', 'Stock', 'Scale', 'Vat Book', 'DMS', 'Albatros', 'Carpas', 'Audatex', and 'Audatex Claims'. The 'Order list' tab is active. On the left side, there is a filter section with a 'Reset' button and an 'Export' button. The filter section includes several dropdown menus: 'select a location', 'select a supplier', 'select a status', and 'select a type'. The 'select a type' dropdown is open, showing a list of job numbers. The number '24' is selected and highlighted with a red circle and the number '1'. Below the dropdown, there are several input fields for 'type a registration', 'type an order number', 'type a part number or name', 'Supplier Invoice Nr.', 'Creation Date', and 'Preferred Supply Date'. At the bottom of the filter section, there is a button labeled 'Order From Stock' with a red circle and the number '2' next to it. A green arrow points from the 'Order list' tab to the 'Order From Stock' button. The main content area shows a table of job items with columns: 'Nr', 'Creation Date', 'Job', 'Key Tag Number', 'Make', 'Model', 'Supplier', 'Sale Value', and 'Status'. The table contains 21 items, with the first item being job number 24, which is highlighted in green. The table also shows a 'Results: Viewing items 1-21 of 21.' message and a 'Previous | 1 | Next' navigation bar.

Nr	Creation Date	Job	Key Tag Number	Make	Model	Supplier	Sale Value	Status
