

Installation/Configuration

How do I install the link between the paint mixing scale & PlanManager?

PlanManager

Installation/Configuration

The screenshot displays the PlanManager Configuration Editor interface. The left sidebar contains navigation links: COMMUNICATION, HELP, WORKSHOP, JOB, PLANNING, REPORT, MAINTENANCE, SYSTEM (highlighted), RENTAL, and INVOICING. The main content area shows the 'General settings' tab selected, with a red circle '1' highlighting the tab. The 'Configuration Editor' section shows the 'Name' field set to 'SCALE_PROGRAM' (highlighted with a red circle '2') and the 'Value' field set to 'Sikkens' (highlighted with a red circle '3'). The 'Value' field is a dropdown menu with a list of paint brands: Sikkens, Axalta (Chromaweb, Phoenix and Standowin IQ), DuPont, Glasurit, Lacour, PPG, Sikkens, and Standox. The right side of the interface shows a table of system settings.

PlanManager Watcher

Installation/Configuration

Installation/Configuration

PlanManager Watcher configuration:

Installation/Configuration

The screenshot shows the 'PlanManager Map Monitor' configuration window. It contains several input fields and checkboxes, with red numbered circles (1-8) indicating the sequence of configuration steps:

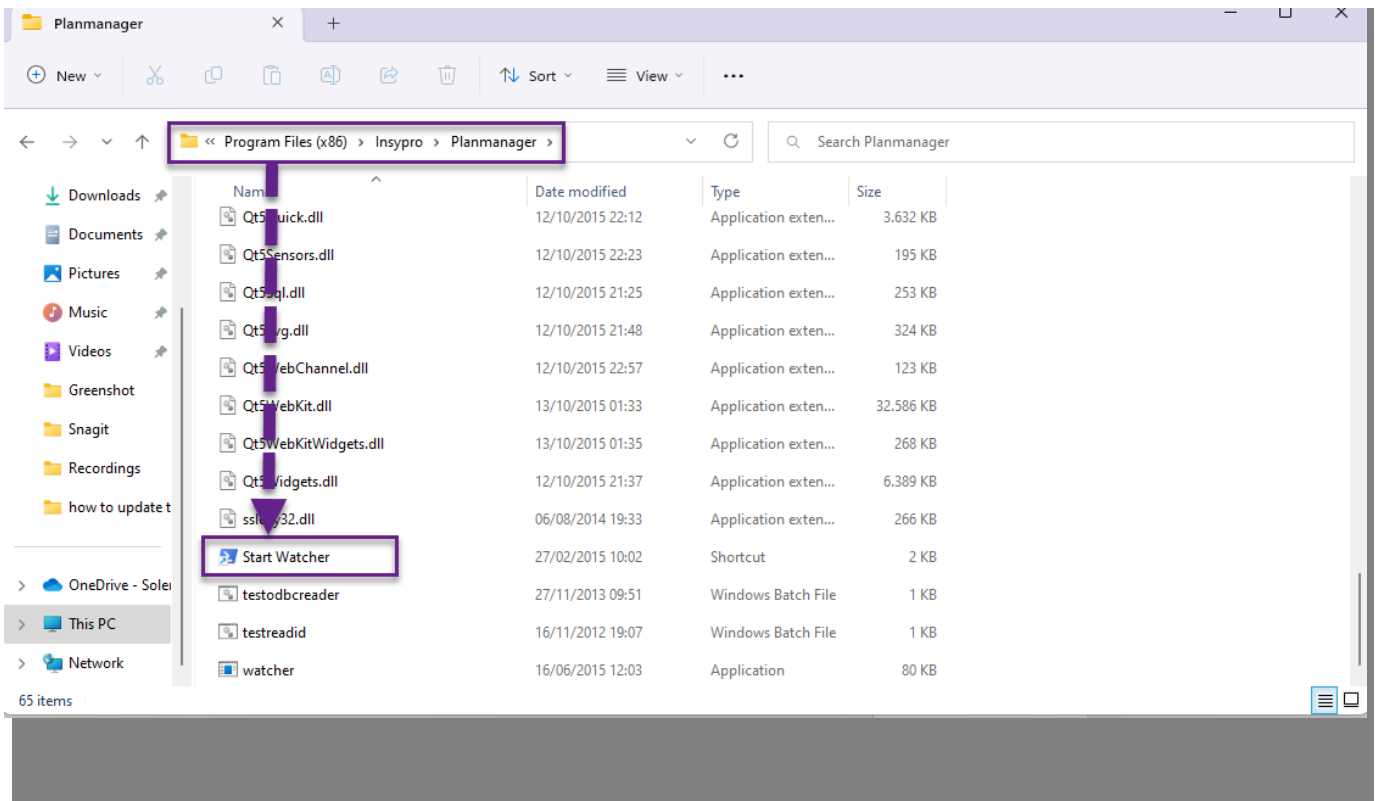

- 1** **Bekijk map**: Input field for the map to be monitored.
- 2** **Url**: Input field for the URL to send files to.
- 3** **Actie**: Input field for the action to perform.
- 4** **Login**: Input field for the user name.
- 5** **Wachtwoord**: Input field for the user password.
- 6** ☐ **Bestanden verwijderen na verwerking**: Checkbox to delete files after processing.
- 7** **File to watch**: Input field for the file to watch.
- 8** **Opslaan**: Button to save the configuration.

Additional fields and text in the window include:

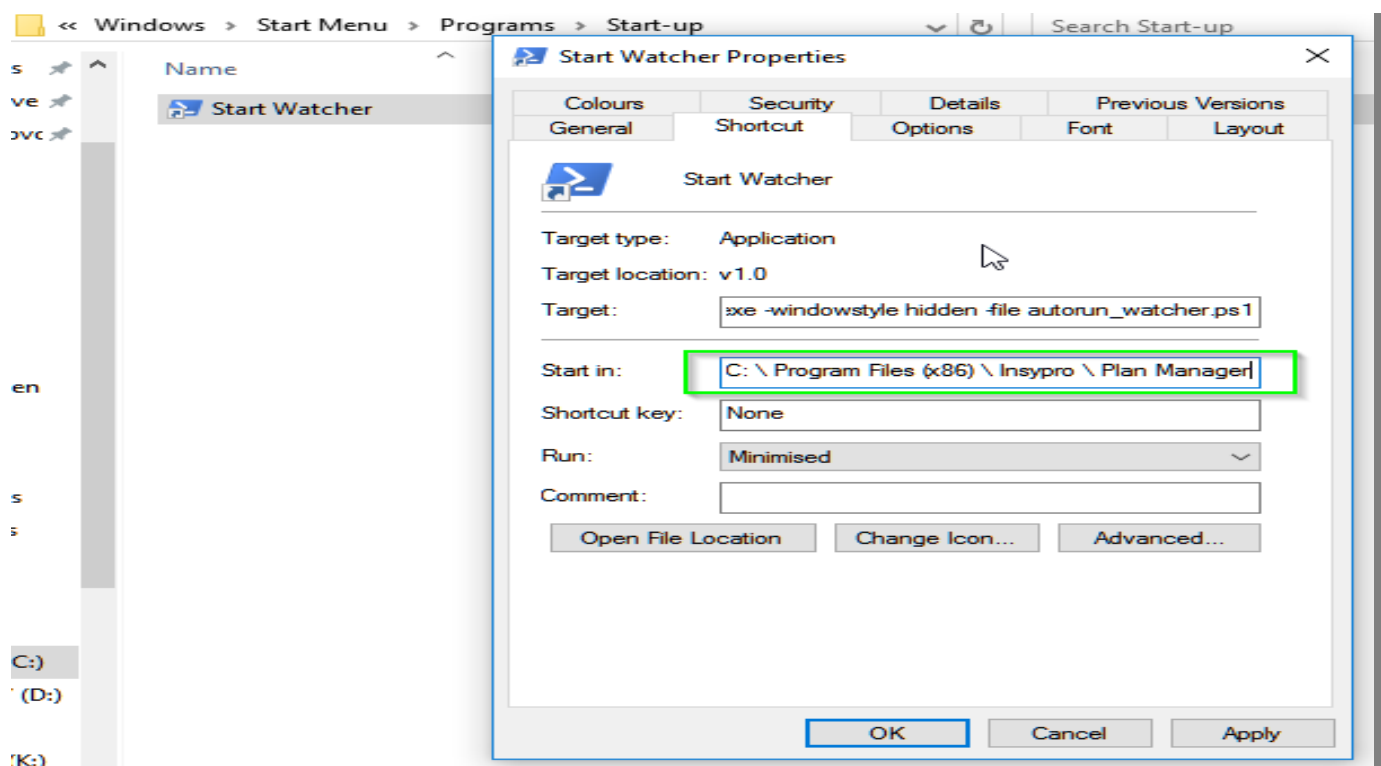

- Port**: Input field for the port number.
- ☐ **Http Cache proxy**: Checkbox for HTTP cache proxy.
- Force Run Now**: Button to force a run now.
- Text: "De map die wordt aangeduid bij 'Opslaan kopie ontvangen bestand'" (The map indicated by 'Save copy received file').
- Text: "url om de bestanden naartoe te sturen vb: http://uwbedrijf.planmanager.insypro.com" (url to send files to, e.g., http://uwbedrijf.planmanager.insypro.com).
- Text: "Actie om uit te voeren vb: c=file&a=scale&noqc=import" (Action to perform, e.g., c=file&a=scale&noqc=import).
- Text: "naam + voornaam van de gebruiker die aangemeld wordt vb: planmanager external" (name + first name of the user who logs in, e.g., planmanager external).
- Text: "Wachtwoord van de gebruiker" (Password of the user).
- Text: "Zet dit niet aan bij winformex oplading (dit wordt enkel gebruikt bij verfmachine)" (Do not set this for winformex loading (this is only used for verfmachine)).
- Text: "If this is filled in, the system will not watch the folder but will periodically upload a single file (15minutes)".

Installation/Configuration

The screenshot shows the 'PlanManager Map Monitor' application window. It contains two columns of configuration fields. The left column includes fields for 'Bekijk map' (C:\exportpm), 'Url' (http://symons.planmanager.insypro.com), 'Actie' (c=file&a=scale&noqc=import), 'Login' (planmanager external), 'Wachtwoord' (masked with dots), 'Proxy' (empty), and 'File to watch' (pour.log). The right column includes a 'Kies Map' button, a 'De map die wordt aangeduid bij "Opslaan kopie ontvangen bestand"' label, a 'url om de bestanden naartoe te sturen' field (http://uwbedrijf.planmanager.insypro.com), an 'Actie om uit te voeren' field (c=file&a=scale&noqc=import), a 'naam + voornaam van de gebruiker' field (planmanager external), a 'Wachtwoord van de gebruiker' field, a 'Poort' field, an 'Http Cache proxy' checkbox, and a note about 'winformex oplading'. At the bottom right are 'Force Run Now' and 'Opslaan' buttons.
