ATR
Workshop - show abilities / knowledge.

There is a new configuration option: ATR_SHOW_ABILITIES. If this configuration is selected, the employee will have the opportunity to clock on all tasks that are ticked in his competences.

Stripping		Panel beating		Preparation		Paint job	
Status	Completed	Status	Completed	Status	In Progress	Status	Completed

Re-assembly		Cleaning		Smart Repair	
Status	Completed	Status	Completed	Status	In Progress

The tasks that will appear here are tasks per employee. You can change them by going on the "Maintenance" tab - "Organisation" - "Personnel". Click your employee and check the "planning" field. Then click on the sentence to the right of "Planning".

Personnel knowledge and efficiency for each task type ✖

ℹ Planned time = Task time / Productivity degree * 100. For example: 60min / 200 * 100 = 30min

☐ 100	1 Klein onderhoud	☐ 100	GROOT ONDERHOUD	☐ 100	3 TREKHAAK PLAATSEN
☐ 100	NAZICHT KEURING	☐ 100	TECHNIEK 1	☐ 100	TECHNIEK 2
☐ 100	TECHNIEK 3	☐ 100	Stripping	☐ 100	QC after stripping
☐ 100	Mechanics	☐ 100	Welding machine	☐ 100	Panel beating
☐ 100	QC after panel beating	☐ 100	Preparation	☐ 100	QC after preparation
☐ 100	Paint job	☐ 100	QC after paint job	☐ 100	Spot Repair
☐ 100	Re-assembly	☐ 100	QC after re-assembly	☐ 100	Polishing
☐ 100	Cleaning	☐ 100	Final quality check	☐ 100	Alignment
☐ 100	test3	☐ 100	NP Transport	☐ 100	Warranty
☐ 100	Depannage	☐ 100	PDR	☐ 100	Smart Repair
☐ 100	Other	☐ 100	fixed wage	☐ 100	Sanding
