

# General Planning In/Out.

## Planning In/Out.

The planning in/out shows all the vehicles that:

- 1) are scheduled to arrive in the body shop.
- 2) are in the body shop.
- 3) will leave the body shop.

If you click “Priority vehicles” you will see the vehicles that are still in the body shop but should have been ready:

# General

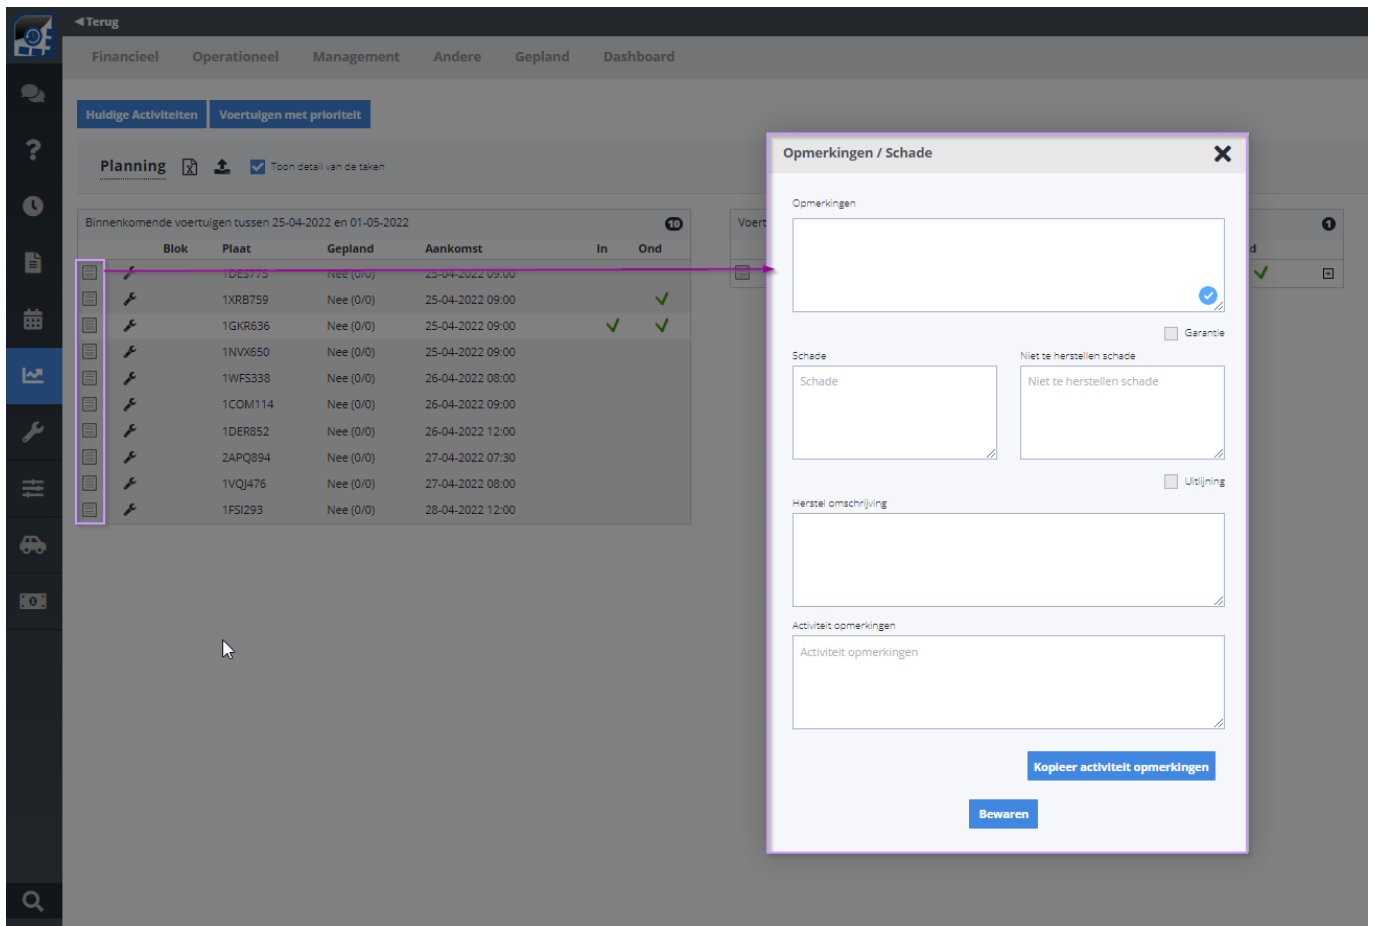

The screenshot shows the InSyPro software interface. The top navigation bar includes 'Terug', 'Financieel', 'Operationeel', 'Management', 'Andere', 'Gepland', and 'Dashboard'. The main area is titled 'Planning' and shows a table of vehicles. A pop-up window titled 'Voertuigen met prioriteit' is open, displaying a list of 37 items. The pop-up window has a close button (X) in the top right corner. The table in the pop-up window has the following columns: Dossier, Merk, Model, Nummerplaat, KLANT, Datum binnen, and Voorziene einddatum. The table lists various vehicles with their respective details, including model names like FOCUS, CEED, SERIE C, CORSA, POLO, VIANO, QX, AGILA, TOURAN, V70, X6, COOPER, YARIS HYBRID, IBIZA, F-PACE, V90 T8 TWIN EN, S 60, MEGANE, FOCUS, 2008 GT LINE..., GOLF, FOCUS CL 1.6..., and MOKKA. The dates range from 15-11-2021 to 06-10-2021.

In this pop-up you can also see, among others, the estimated completion date, the vehicle in date, and if you click on the job number, you will be redirected to the concerning job.

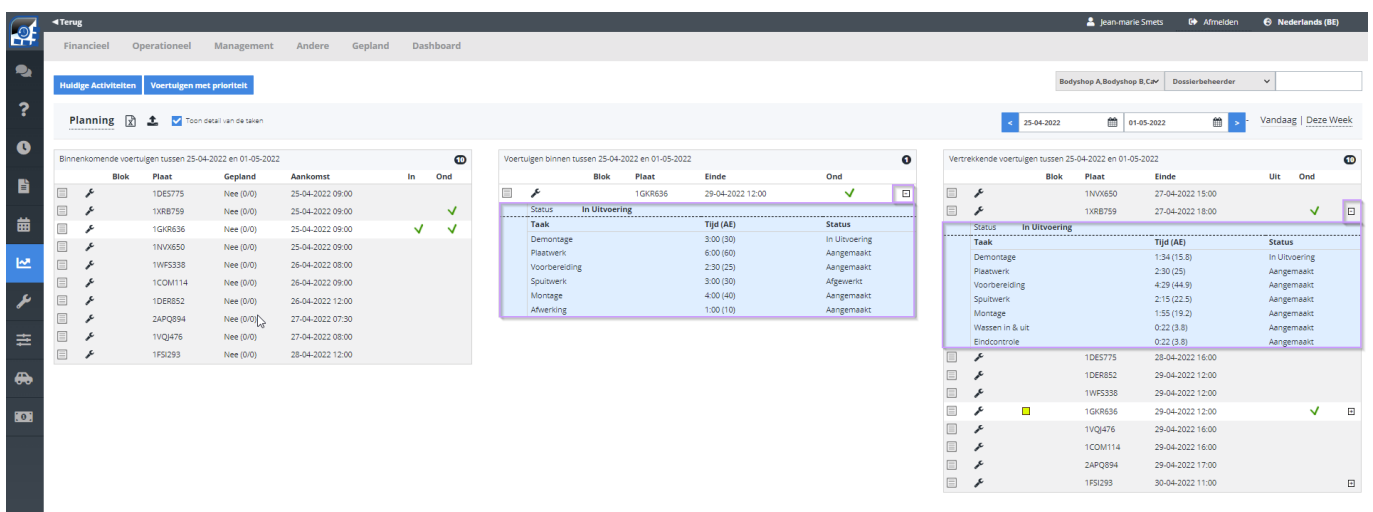

In the screen itself, if you click on , the comments / damage page will open:

# General

If you click on,  you will be redirected to the job screen.

In the middle & right section you also have a + button, if you click on it, you'll see the different tasks with their status,

You also can see if the car & the parts are in (1 & 2), in the left section, and in the right section if the car is ready in the body shop (3 line is highlighter yellow) and if the car has been delivered (4).
