System
Permission usergroups

Additional permissions were added who make it possible to determine which users can change the permissions of other users. From the current release onwards, it will only be possible to change the staff's usergroups if your user has the permissions to do so. These permissions can be found by going to System - Usergroups - 'Choose a usergroup here' – 'Maintenance'-'Personnel view'– 'change personnel usergroup'.

Third Parties -> Address Book	☑ Allowed to view	☑ Edit	☑ Delete
Personnel View -> Hourly Cost	☑ Allowed to view	☑ Edit	☑ Delete
Personnel View -> Change personnel user group	☑ Allowed to view	☑ Edit	☑ Delete
Tablet -> Types	☑ Allowed to view	☑ Edit	☑ Delete
