How do I remove a courtesy car?

You can not actually delete a replacement car. You can only set the car as inactive, so it won't be visible in the planning anymore. The rental history of the vehicle will always remain available.

You can set a vehicle to the inactive status by going to the tab "car fleet" - "courtesy car". Click on the vehicle. Then click "→ Show more details" and finally

click **Change vehicle to INACTIVE**

The screenshot shows the 'Courtesy Car' form. On the left, there is a 'Show more details.' link with a green arrow pointing to the right. On the right side of the form, there is a button labeled 'Change vehicle to INACTIVE'.

In the "car fleet" - "courtesy car", there is a filter available on the left. Below you can see "Only active vehicles." To see inactive vehicles, simply uncheck this box.

The screenshot shows the vehicle fleet table. On the left, there is a filter section with a checkbox labeled 'Active vehicles only'. A green arrow points from this checkbox to the table. The table has columns: Number, Registration, Vin, Make, Model, Type, Category, Fueltype, Gear, and Mileage. The table contains 9 rows of data.

Number	Registration	Vin	Make	Model	Type	Category	Fueltype	Gear	Mileage
1	1GJH852		AUDI	A4		C	diesel	Automatic	2598
2	1QSD456		VW	POLO		A	petrol	Manual	23567

556	DE16CCC	W0L07PL1234567891	VAUXHALL	ASTRA	Hatchback	A	petrol	Manual	0

You can set a vehicle back to the active status by going to the tab "car fleet" - "courtesy car".

Untick the box ☒ **Active vehicles only**

Click on the inactive vehicle. Then click

"→ Show more details" and finally click

Change vehicle to ACTIVE
