Task codes

We also must fill in the task codes as shown below, next to each task in PlanManager.

- Task codes
- Demontage AL1001
- Plaatwerk AL2001
- Voorbereiding AL3001
- SpotRepair AL3101
- SmartRepair AL3201
- PDR AL3301
- Spuitwerk AL4001
- Montage AL5001
- Diverse AL6001
- Afwerking AL7001
- Eindcontrole AL8001
- Mechaniek AL9001
- Onderhoud werkplaats AL9990
- Onderhoud spuitcabine AL9991

The screenshot shows the PlanManager software interface. On the left is a dark sidebar with navigation options: COMMUNICATION, HELP, WORKSHOP, JOB, PLANNING, REPORT, MAINTENANCE (highlighted in blue), and SYSTEM. The main area has tabs for Organisation, Third Parties, Task Types (selected), and Part Types. The 'Task Type Editor' form is displayed with the following fields: Name (Disassembly), Code (AL1001, highlighted with a red box and a red arrow), Sequence (1), Hourly Cost (€ 60), Target Rate (€ 100), Category (Work), Ledger Sale (7000 Omzet werkuren), and Ledger Sale CN. A 'New' button is visible in the top right corner of the form area.

Configuratie / Installatie

So, what do we need from CDK:
