

## How do I see multiple tasks in ATR?

Navigate to 'system' - 'options'. There you will find a list of all possible configuration options in PlanManager. One of these options is ATR\_FILES\_PER\_PAGE.

ATR\_FILES\_PER\_PAGE

Clicking on it, you will see on the left side a field where you can change and save the value.

**Configuration Editor** **[Edit]**

---

Category  
atr

Description  
Number of file items per page (max 50)

Name  
**ATR\_FILES\_PER\_PAGE**

Value

**Save**
